REFERRAL PARTNER PROGRAM

FAQS

How is the fee split?

It's easiest to explain by example.

When a lawyer refers us a case and we resolve it for \$1,000,000.00, and the attorney's fees are 40%, that lawyer as a Referral Partner receives 1/3rd of the fee, totaling:

\$133,333.33

What does a referral agreement look like?

At the start of the case, we include the fee sharing agreement in the contract, and all parties sign.

LOAR PLLC manages the case and bears all of the expenses. We update our Referral Partner about the major events as the case progresses.

At the conclusion, LOAR PLLC provides a detailed Settlement Statement, which includes a breakdown of fees and expenses.
